## About your TCR

Electricity Tariff Comparison Rate (TCR): **18.12p per kWh**

This TCR is for your Standard (Variable) electricity tariff paying by Cash/Cheque Whole Amount Quarterly. VAT is included. You can use it to help you easily compare the prices of other available electricity tariffs by checking against their TCRs.

It is not an actual price and is based on the consumption of a typical user of electricity (3,200 kWh/year). The amount you are charged will vary depending on how much energy you use.

Call us on **0800 096 9000** or visit **edfenergy.com** for more details on your tariff and on the calculation of the TCR.
